Dear Ed:

I would like to take this opportunity to thank you for your assistance in reconstruction and development of our offices at our present location here on Crowther Ave. Your professionalism and attention to detail was a very pleasant experience and greatly appreciated.

Should we need further work done at this location, or perhaps at other sites, you can be assured that I will call on your company. I am confident that I will always receive the same quality craftsmanship and service that you have provided in the past.

Again, thank you, Ed, and all your people, for a job well-done.

Sincerely,
