Dear Ed:

I am your tenant in Kirk Evans' building at 20241 Birch Street on the second floor. Your organization built the space for us.

This letter is a little late since I have been busy trying to get settled. Now that we are in our permanent new space, I want you to know the pleasant experience I had working with your project onsite foreman, Marv Vehman. He was a wonderful asset to us through this construction process. He did everything in his powers to make sure the building was ready on time. I commend him and you for that.

In addition, Mike Schreiber was also a tremendous asset in making sure this project completed both on time and also in superior quality that it did. I would like to thank you for that as well. Both of these men have gone way beyond what I would have expected from a built-out company.

Again, thanks for the wonderful work that you have done and the great people you have working with you. Please feel free to use this letter as a reference. If there is anything that I can do to help you in your business please let me know.

Sincerely,

William H. Palmer, **CLU, ChFC**
